Subject: Tank Car project

Mike –

Our firm is the Township Engineer for Springfield Township. Some time ago they were involved with the following project; which also lists you as the “On-Scene Coordinator”

EPA ID# PAN000306553

NPL Status: Not on NPL

1725 Walnut Avenue
Oreland, PA 19075
Montgomery County

On-Scene Coordinator
Michael Towle
215-814-3272
towle.michael@epa.gov

The Township at this time wishes to utilize this site to deposit excess fill material from other projects, for the possible future use of the Tank Car site as athletic fields. The question the Township posed to us is, “Will we need to certify the integrity of the fill on the Tank Car property as a part of the NPDES permit required to regrade the property?”

Do you know the answer to this question?

Ronald D. Jackson, P.E.
Project Engineer
Boucher & James, Inc.
1456 Ferry Road, Doylestown, PA 18901
